## Special Days in June

### *National Nursing Assistants Week—*

June 15th to June 21st

This week is set aside each year to recognize longevity of service, special contributions to care practices and accomplishments of the nursing assistants who have made caring their life career. The First Day of Nursing Assistants Week June 16, 2022 is designated as **National Career Nursing Assistants' Day** to recognize nursing assistants who have dedicated their lives to the well-being of others for 5 to as many as 58 years. At Avon Oaks our nursing assistants really make a difference every day, evening and over night in the lives of our residents. Thank You to each and every one of you!

### *June 12th Red Rose Day*

*Red Rose Day* is a time to enjoy and appreciate America's favorite flower.....the red rose. A red rose signifies love. A June setting for *Red Rose Day* is very appropriate, as this is by far the most popular month for weddings. And, they are in bloom in the gardens across America this month. In addition to being the most popular cut flower, roses are also the most popular flower in flower beds and around foundation of houses, garages and sheds. They are easy to grow, producing a bounty of sweet scented flowers from June up to the first frost

**CONGRATULATIONS**

**Colleen Sutton, LPN**
